Holdan – (Lead Vocal Center State Right) - Personal in-ears  
Aaron – (Stage Left) - Personal in-ears  
Dave – (Stage Right) - Personal in-ears  
Jesse – (Center Stage Rear) - Personal in-ears

## **Notes:**

1. Jordan, Holdan, Dave, and Aaron have personal wireless in-ear monitors and will want to use them if possible technically.
- 2.) Jesse has personal wired in-ear monitors and may want to use them if possible technically.
- 3.) If show requires quick entrance and exit, wedges may be used but each performer needs their own monitor/mix. If setup/teardown time permits, alternate monitor configurations can be discussed. We can carry our own monitor console if split snake is available.
- 4.) Each member needs their own monitor mix, for a total of 5, unless arranged differently ahead of time.
- 5.) Power requirements include 2 qty 20 Amp circuits split across back of stage for instrument amplifier power, monitor transmitters, and cooling devices, etc.
- 6.) Any stage audio/setup questions can be directed to management or technical contact listed below.
